## High-Jinks of Westery Cycle Club

**Annual Jollification Proves Most Enjoyable—Grand Master Verplank Visits Pawcatuck Lodge—Own System of Schools to Cause Changes in Stonington—Court Cases Continued.**

The annual parade, supper and jollification of the Westery Cycle Club took place Friday night. In the early evening the members assembled in the rooms in Main street and at 10 o'clock formed in procession and made a street parade headed by the Cycle Club Brass band, Charles Redford leader. After the parade, a turkey supper was served in the Hibernian hall, after which a social session was held in the club rooms, which included speeches, music, and singing by the members. Then the session was continued to the armory bowling alley, where there were impromptu bowling matches and individual high score bowling. Refreshments were served and it was here the annual celebration came to a pleasant termination.

The Cycle club was organized March 5, 1895, in the Barber Memorial building, in the rooms now occupied by the Hibernian Press company, for the purpose of creating interest in bicycle riding and good roads. Its membership included nearly every bicycle rider in Westery. There were frequent club runs and more or less track racing and the members were enthusiastic in all that pertained to bicycles. When the bicycle had waned the Westery Cycle club was still continued and evolved into a strictly social club, being a wheelmen's club in name only.

The club changed quarters from the Barber to the Briggs building, then to the large room now known as Stonecutters' hall, and from there to the cozy club rooms in Main street.

The first president was W. Marshall Taylor, the only member honored with a certificate of life membership. These three charter members have remained as members since organization: George Kenneth, Arthur N. Nash and Albert Kenneth. At the beginning the membership limit was 25, this was increased to 75, then to 100, and a few months ago 120 was placed on the list, and at the present time there is a waiting list of 10 willing-to-be members.

David S. Myers is president of the club, and the other officers are: Edward Le Bon, treasurer; Elsiea Greenman, secretary; P. Lee Gavitt, John P.ingham, directors; Richard Ramsdale, pool committee; Archie Reed, captain; George Kenneth, bugler; Charles Redford, color bearer.

The town system of the conduct of public schools of Stonington will supersede the district system in June, and thus early there is indication of a lively session at the town meeting which will act upon changes of importance. A school committee of three will be appointed and these gentlemen are slated for the places, to serve without pay: Joseph Leahy of Stonington borough, James Cooper of Mystic and Albert R. Sullivan of Pawcatuck. The selection of a superintendent of schools will also be considered.

As under the new system there is to be but one high school in the large town, the location of this particular school will be decided. There are three good buildings in the town at the present time that are used as high schools, i. e., in Stonington borough, in Mystic and in Pawcatuck, either of which is well adapted to the sole high school under the new system.

This high school is wanted by the three districts, and only one can win, so there is liable to be lively contest for the coveted prize. If the voters of Pawcatuck are united on the matter the new and modern schoolhouse in the second voting district will not be discontinued as a high school, as over half of the voters of the town reside in Pawcatuck.

Earl Stinson, the crippled boy who was found guilty in the Third district court of selling liquor at the John Deery place at Potter Hill and sentenced to the State Prison, was placed on probation by Judge Oliver H. Williams at the regular session of court Friday. The case was continued to June 10, with Chief Brandis as surety. All the other cases on the criminal docket were continued.

The civil docket was called and all the cases were continued from one to two weeks.

Several property owners on Quarry Hill have been protesting with the board of assessors of the Westery fire district against the assessment and collection of any tax until adequate fire protection is given that section.

**NOANK**  
F. T. Rathburn Buys North Dock—A Weary Willie Camp—Village to Have Picture Show.

There was a rumor Friday that F. T. Rathburn, who has purchased the property known as the North dock from the E. H. Foster estate, would erect large and modern coal chutes for his business. Mr. Rathburn stated, however, that he has no intention of erecting buildings at present and the prospects of future building will depend entirely on the attitude of the N. Y. N. H. & H. R. R. in regards to the purchase of his property near the station. Civil engineers of the railroad have been at work for the past two years making surveys of the properties adjoining the Front street crossing, where the grade crossing is to be replaced with an overhead bridge, and as the property of Mr. Rathburn comes in line of the survey it will be necessary for the railroad company to purchase the land as Mr. Rathburn would have no means of exit from his coal yards and his purchase of the North dock property is to warrant a desirable location for his business in case he has to leave his present yards. It is not known if any of the surveys have been approved or when the construction of the bridge will be begun.

**Noank to Have Picture Show.**  
Clifton Carson, representing a moving picture company of New York, was in the village Friday to complete arrangements with the manager of the town hall for the weekly lease of the hall, where moving picture shows will be given. Carson stated that he has an effort some time ago to run semi-weekly shows, but it happened at a time when the hayrack was idle and times were dull.

**Hoboes in Camp.**  
Hardly a day passes that patrons of the G. and S. trolley line do not look upon a camp of hoboes who make their headquarters in Haley's woods. It is the custom of the knights to solicit tea or coffee or something to eat among the residents of the village and when assembled at this long-time rendezvous where nature has provided accommodations for the hoboes' liking. The place has been cleared out on several different occasions by the railroad detectives and on one or two occasions men have been captured who were wanted for crimes committed in distant cities. Several complaints have been made recently of the loss of food stuff and other articles and the blame has been laid to the gang who frequents the camp in these woods.

**Noted Here and There.**

## The Passing of Artificial Teeth

THE DAY OF THE ARTIFICIAL PLATE WITH ITS TEEL-TALE APPEARANCE IS PAST.  
THE NATURAL RESTORATION METHOD DOES AWAY WITH THE OLD STYLED FALSE TEETH

DENTISTRY, which is a branch of surgery, has advanced wonderfully in the past few years. In fact, although dentistry does not get the publicity given the great science of surgery, its wonders are no less. The ideal replacement of one's lost teeth would be the natural growth of new ones to take their place—such as happens when children lose their first or baby teeth. The lost teeth of the adult can now be restored by the science of dentistry in such a manner that it is impossible, under ordinary circumstances, to detect the restored teeth from the original or natural ones. The Restoration Method is not one of artificial plates, crowns or bridges—that undesirable artificiality is done away with—and there is no noticeable evidence of the dentist's work in your mouth. Your restored teeth seem to grow out of your gums just as do your natural teeth. It is a wonderful improvement over the old method of replacing lost teeth with false ones. Dr. King does his Restoration work at a consistently low price. Before having any teeth extracted, see Dr. King about naturally and painlessly restoring your teeth. It Pays.

**OTHER DEPARTMENTS OF DENTISTRY:**  
Full set teeth with the "Natural Gums," \$5, gold crowns \$5, bridge work \$5, painless pure gold fillings \$1 up, other fillings 50c, painless extraction free when sets are ordered. All work guaranteed.
